

Office Space

- Office @ Nest Collective

Office @ Nest Collective

The most common approach! In this format, you rent your space and live our environment in its full potential! At Nest, we like to say “take care of your space as if it were your home”. This Handbook contains some of the rules and code of conduct that we believe are the best to live by in this community.

Office space is available at both Nest Collective's [Uptown](#) and [Downtown](#) offices. For proposals, please [get in touch with us](#).
